

# STATIONWEAR SHIRTS & TROUSERS

## SUPERIOR PERFORMANCE WHEN THE HEAT IS ON.

Elbeco uses DuPont's NOMEX® IIIA thermal technology in Response FR™ uniforms to provide the best stationwear fabric available.

This stationwear fabric features:

- Permanent fire resistant and anti-static technology to create self extinguishing characteristics for use in a situation where flammability and radiant heat are concerns
- NOMEX® IIIA technology outperforms cotton on standard FR testing, showing a significantly lower incidence of burn injury vs. cotton stationwear
- Superior quality and durability with color retention for a great appearance after repeated industrial laundering
- Autoclaved processed for permanent pressed performance

Response FR is available in shirt and trouser fabrics with uniform color match.

**NFPA 1975-2009 CERTIFIED**
